### **to complement the 100% pass rate at A Level**

A year of outstanding results for GCSEs for the 13 students in Y11, 1 in Y10, 1 in Y9, who cover the full range of ability. We have the new 9-1 grades in English & Maths but we have done the official A\*- G equivalents and so aggregated the grades to give a consistent overall picture.

120 GCSEs taken with **60% of all Grades A\*/A/B**

**92% of candidates 5 A\*-C all subjects**

**85% of candidates 5 A\*-C with Maths, English & Science**

**100 % A\*-C in following 12 subjects**
